### DR. PAUL E. MARTIN LECTURE SERIES

It was through his successful businesses that Dr. Paul E. Martin, *Akron '35*, became a champion of higher education in the State of Ohio. Phi Delta Theta honored Brother Martin in 1991 by naming him the Raymond L. Gardner "Phi of the Year," and he served as a Trustee of the Phi Delta Theta Foundation from 1997 until 2001 when he was named a Trustee Emeritus. When the General Headquarters building was expanded in 1998, the Foundation Trustees voted to name the building after Brother Martin because of his lifelong dedication as a loyal Phi. Brother Martin entered the Chapter Grand on August 5, 2010.

### KNAP KNAPHEIDE LECTURE SERIES

It is only appropriate that Harold "Knap" Knapheide, *Kansas '67*, is a member of the Phi Delta Theta Kansas Alpha Chapter, as the Knapheide family business and the Fraternity were both founded in 1848. Knapheide has played a crucial role as a donor to the Fraternity as well as practicing the overall qualities of a Phi Delt to this day. Knap knows what it means to give back: he serves on the University of Kansas KU Endowment Board of Trustees; along with sister, Vicki Knapheide Wood, donated to Monmouth College in honor of their mother, Mary; and most recently, donated to Phi Delta Theta to fund PLC as well as a Whole Man Scholarship for Kansas Alpha. We regret to inform you that Brother Knapheide entered the Chapter Grand on August 28, 2018.

### DRS. ROBERT AND BARBARA DELOIAN LECTURE SERIES

Dr. Robert Deloian, *Arizona State University '66*, is a member of the Arizona Beta Chapter. Both he and his wife, Dr. Barbara Deloian, serve in the medical community, he in restorative dentistry and she in professional pediatric nursing. They reside in Castle Rock, Colorado. Dr. Deloian has served as a General Officer of Phi Delta Theta since 1989. He later was elected to the General Council in 1992 and served as President 1996–98. Following that term he served as a member of the Board of Trustees for the Phi Delta Theta Foundation and served until 2001.
